

# SCIENCE, SOCIETY AND TECHNOLOGY – PRACTICE ESSAY

15 points

(1) In 1 complete sentence, define the word *technology*.

(2) Write 2 examples of technologies and explain why each are considered a technology.

Your sentences should look like this:

For example, a \_\_\_\_\_ is a technology. It is considered a technology because \_\_\_\_\_.

Another example of a technology is a \_\_\_\_\_. It is a technology because \_\_\_\_\_.

(3) Write this sentence:

Technology influences people.

(4) In 1 complete sentence, define the word *influence*.

(5) Write 2 examples of how technologies influence people. Be sure to explain.

Your sentences should look like this:

The technology of \_\_\_\_\_ influences people by \_\_\_\_\_.

Another technology that influences people is \_\_\_\_\_. It influences by \_\_\_\_\_.

(6) Write this sentence:

Technology also influences society as a whole.

(7) In 1 complete sentence, define the word *society*.

(8) Give 2 examples of how technologies influence societies. Be sure to explain.

Your sentences should look like this:

For example, the technology of \_\_\_\_\_ influences society by \_\_\_\_\_.

Another example is the technology of \_\_\_\_\_. It influences society by \_\_\_\_\_.

(9) Write this, and fill in the blanks with the appropriate info:

Throughout time, people have made new technologies to make their lives easier and better. The technologies of \_\_\_\_\_ and \_\_\_\_\_ (*write the name of the technologies you wrote in number 5*) influence people. Technologies also influence society, such as the technologies of \_\_\_\_\_ and \_\_\_\_\_ (*write the name of the technologies you wrote in number 8*).

Technology has greatly changed the way we do things and will continue to as we look for easier and better ways to do things.
